

Enforcement Orders Signed March 21, 2017

Enterprise Products Operating, LLC

Docket No. GUD 10571

System Name: 9033E New Braunfels CG #2

Violation Code: 49 CFR 192.625(b)

VIOLATION DESCRIPTION:

The transmission line(s) listed below was in a Class 3 or 4 location, was not from odorization requirements, and transported unodorized gas.

Location: End of system/meter station

Comment: The combustible gas was not odorized so at a concentration in air of one-fifth the lower explosive limit, the gas was readily detectable by a person with a normal sense of smell. On September 6, 2016, at approximately 3:00 pm, an odor concentration was performed at the referenced location and the odor was not readily detectable at one-fifth the lower explosive limit.

AGREED ORDER SIGNED: 3/21/2017

PENALTY PAID: \$10,000.00
