Re: **Oil & Gas Docket No. OG-20-00003167; TO CONSIDER THE MOTION FOR COMMISSION CALLED HEARING ON THE VERIFIED COMPLAINT OF PIONEER NATURAL RESOURCES U.S.A. INC. (665748) AND PARSLEY ENERGY INC. (642652) TO DETERMINE REASONABLE MARKET DEMAND FOR OIL IN THE STATE OF TEXAS**

Dear Chairman Christian and Commissioners Craddick and Sitton:

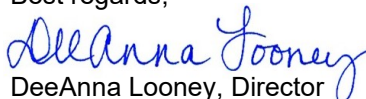

This letter is being sent in full support of the above referenced Motion filed by Pioneer Natural Resources U.S.A. Inc., and Parsley Energy, Inc.

Richman Organization, Inc. ("Richman") invests and owns interests in various oil and gas assets and companies in the upstream, service, and technology segments. This health and economic crisis has quickly, and ferociously, damaged almost all aspects of our business. The damage of this crisis, and the battle for market share by foreign hydrocarbon producers has been devastating.

After assessing the damage, Richman believes that pro-rationing is a responsible regulatory action for the State of Texas during this unprecedented health and economic crisis. We also believe regulatory action will be supportive of upstream, service providers, and technology segments. Additional regulatory declarations should consider all market segments of the oil and gas industry. It's important to protect all market segments, as we all work together to deliver energy to the world.

Richman believes Texas should take the lead that others in the industry can and will follow. Taking action will not only protect our industry, protect Texas, and protect U.S. national interests. We appreciate the support of the Motion by the commissioners, and trust that our stated concerns are addressed by appropriate regulatory action.

Best regards,

DeeAnna Looney, Director
