

This file is continuously updated as soon as new construction reports are received. Complete thru October 2, 2020. If a T-4 permit number is listed as 01234, it is not yet permitted or added to an existing permit. When notified, permit numbers pending at time of report should be entered into the T-4 column and noted in the Remarks column when issued. (If the number is 99999, the system is distribution, which does not require a permit.) Typos corrected as discovered.

This file is continuously updated as soon as new construction reports are received. Complete thru October 2, 2020. If a T-4 permit number is listed as 01234, it is not yet permitted or added to an existing permit. When notified, permit numbers pending at time of report should be entered into the T-4 column and noted in the Remarks column when issued. (If the number is 99999, the system is distribution, which does not require a permit.) Typos corrected as discovered.
