INSTRUCTIONS FOR COMPLETING CNG FORM 1007

1. Company Name: The company name the cargo tank will be operated under. The name must be listed as the company name or an assumed name (dba) listed on CNG Form 1001; otherwise, an amended CNG Form 1001 must be submitted along with any documentation required for name change or the addition of an assumed name.
2. License Number: The license number of the company registering the units.
3. Name of Container Manufacturer: The cargo tank's manufacturer listed on the manufacturer's container label.
4. Container Serial No.: The cargo tank's serial number listed on the manufacturer's container label.
5. FT³ Capacity: The cargo tank's capacity in cubic feet listed on the manufacturer's container label.
6. Working Pressure: The cargo tank's working pressure listed on the manufacturer's container label.
7. Fee Submitted: The fee amount being submitted for the unit's registration/re-registration.
8. DOT Special Permit: This document is issued by US DOT and is a "special permit" listing the requirements the container must be built to along with all other requirements the cargo tank must meet and maintain.
9. Test required by Special Permit: Each cargo tank required to be registered with AFS shall be tested in accordance with the special permit under which it was manufactured, relating to requirements for test and inspection. The tests shall be conducted by any individual authorized by the United States Department of Transportation through a DOT "CT" number to conduct such tests. If the test results show any unsafe condition, or if the cargo tank does not comply with the requirements listed in the special permit, the cargo tank will not be registered.
10. Signature of Authorized Company Representative: Signature of the individual authorized by the company to complete and sign the form.
11. Email address: Providing an email address is optional. If provided, the filer's address will become part of the public record.
