LNG FORM 2007

CARGO TANK REGISTRATION/RE-REGISTRATION

Please Type or Print

COMPANY NAME _____ LICENSE NUMBER _____

Each transport (bobtail or semi-trailer) or other motor vehicle equipped with LNG cargo tanks shall be registered with Alternative Fuels Safety (AFS) under the name or names which the operator conducts business in Texas. Each operator of a transport must register the cargo tank. The non-refundable registration fee is \$270 per cargo tank listed.

NOTE: Cargo tank registrations expire when the company license expires, regardless of time left on the license.

List each cargo tank being registered/re-registered: (Use additional sheets if necessary.)

Name of Container Manufacturer	Container Serial No.	W.G. Capacity	Working Pressure	Fee Submitted
Total				

I declare under penalties prescribed in Section 91.143 Texas Natural Resources Code, that I am authorized to sign this report, and that the information stated herein is true, correct, and complete to the best of my knowledge. By filing this application via facsimile transmission, applicant voluntarily stipulates and agrees that the filed facsimile copy shall be treated as an original document for all purposes in any court or administrative proceedings.

Additionally, applicant agrees that this application may be executed by electronic signature, which shall be considered as an original signature for all purposes and shall have the same force and effect as an original signature.

Registrations

The following items are needed to complete the registration process for each unit.

Required Items	New (Previously Unregistered in Texas)	Previously Registered with Expired Registration	Re-registration (renewal) for Currently Registered Units
Completed LNG Form 2007	X	X	X
U1-A (Manufacturer's data report)	X		
DOT Certificate of Compliance	X		
Container test results per 49 CFR 180.407(c)*	X	X	X

* Container test results are required for previously unregistered units unless the unit was manufactured within the previous five years. Previously registered units (expired or re-registration) must submit updated container test results if the unit has been out of LNG service for more than one year or the unit has an updated test result. Previously registered units with a container test result on file with AFS older than five (5) years will not be registered.

INSTRUCTIONS FOR COMPLETING LNG FORM 2007

1. **Company Name:** The company name the cargo tank will be operated under. The name must be listed as the company name or an assumed name (dba) listed on LNG Form 2001; otherwise, an amended LNG Form 2001 must be submitted along with any documentation required for name change or the addition of an assumed name.
2. **License Number:** The license number of the company registering the units.
3. **Name of Container Manufacturer:** The cargo tank's manufacturer listed on the manufacturer's data report (U1-A).
4. **Container Serial No.:** The cargo tank's serial number listed on the U1-A.
5. **W.G. Capacity:** The cargo tank's water gallon capacity listed on the U1-A.
6. **Working Pressure:** The cargo tank's working pressure listed on the U1-A.
7. **Fee Submitted:** The fee amount being submitted for the unit's registration/re-registration.
8. **Manufacturer's data report (U1-A):** This document is issued by the manufacturer and lists all the specifications of the cargo tank. This is used to verify the cargo tank information. It also lists the cargo tank size and steel type. If you did not receive a copy of the U1-A with the sale of the unit, then contact the seller for a copy. If the manufacturer's nameplate lists a National Board (NB) number, then you can contact the National Board to obtain a copy.
9. **DOT Certificate of Compliance:** This document is issued by the outfitter or manufacturer, and states that the cargo tank was designed in accordance with DOT requirements. Normally this looks like a letter issued to the buyer. Sometimes this document can be included on the U1-A form. Per 49 CFR §178.338-19, a copy or the original DOT Certificate of Compliance is required to be given to each operator of an MC-338 cargo tank. If you did not receive a copy, contact the seller of the cargo tank for a copy.
10. **Test required by 49 CFR 180.407(c):** Each cargo tank required to be registered with AFS shall be tested in accordance with 49 CFR 180.407, relating to requirements for test and inspection of specification cargo tanks. The tests shall be conducted by any individual authorized by the United States Department of Transportation through a DOT "CT" number to conduct such tests. If the test results show any unsafe condition, or if the cargo tank does not comply with 49 CFR Parts 100-185, the cargo tank will not be registered.
11. **Signature of Authorized Company Representative:** Signature of the individual authorized by the company to complete and sign the form.
12. **Email address:** Providing an email address is optional. If provided, the filer's address will become part of the public record.
