

## Railroad Commission of Texas Proposed Rulemaking Summary

### **16 Texas Administrative Code §7.7102, relating to *Regulatory Asset for Certain Costs Associated with Gross Plant***

This page is a plain language summary of a Railroad Commission of Texas (RRC) rulemaking prepared pursuant to Texas Government Code § 2001.023. This page is only a summary. To review the full rule proposal and/or submit comments online, visit the RRC website at <https://www.rrc.texas.gov/general-counsel/rules/proposed-rules/> under “Chapter 3. Oil and Gas Division”.

**Public Comment Deadline** — 5:00 p.m. CST on Monday, November 17, 2025

**Action (new, amend, and/or repeal)** — New Rule

#### **Summary**

The RRC proposes the new rule pursuant to House Bill 4384, 89th Legislative Session (2025) which creates a new §104.302 in Subchapter G, Interim Cost Recovery and Rate Adjustment, of the Texas Utilities Code. House Bill 4384 authorizes a gas utility to recover certain costs from customers related to new capital investment, or gross plant, placed in service.
