

# RAILROAD COMMISSION OF TEXAS

## Oil and Gas Division

### **NOTICE TO OPERATORS**

#### *CORRECTION*

#### *Transitioning From Paper Forms to Electronic Filing*

Effective September 01, 2026, the Railroad Commission of Texas (RRC) will no longer accept hard-copy filings for the following forms: P-18, PR, P-5, W-3C or W-3X. This change is intended to improve efficiency by reducing processing times and filing errors.

Benefits of filing online:

- Immediate submission and ability to track filing(s)
- Electronic audit of data prior to submittal to reduce filing errors
- Real-time electronic communication from the RRC for approval or required corrections for submitted forms
- Ability to edit submitted forms if corrections are required
- Pre-populated data to reduce data entry
- Print-friendly PDFs generated upon submission, with the ability to view all submitted forms and correspondences within LoneSTAR

While the RRC will continue to accept hard-copy filings through August 2026, it is strongly encouraged to file electronically prior to the deadline.

If your company is not currently registered in LoneSTAR, please visit our website at <https://www.rrc.texas.gov/forms/ramp-information> for more information and user guides.

**\*Corrected to:** Note: To file PRs, a Security Administrator Designation (SAD) form must be filed to gain access to RRC Online. PRs are not filed in LoneSTAR.

Each company must designate at least one Delegated Administrator to manage its LoneSTAR and RRC Online-authenticated users. The Delegated Administrator can create new users, reset passwords, inactivate accounts and perform other administrative tasks for their organization's users. To become a Delegated Administrator in LoneSTAR, visit the RRC website at <https://www.rrc.texas.gov/apps/rrc-ramp/>.
