**CNG FORM
1027**

**APPLICATION FOR QUALIFICATION AS SELF-INSURER
GENERAL LIABILITY**

Please Type or Print

(Applicant's name)

Makes an application for the privilege of being self-insured. In connection with such application, the applicant makes the following declaration for the purpose of enabling the Railroad Commission of Texas (Commission) to determine whether the applicant possesses sufficient security and has financial ability to render the payment of general liability judgments for limits imposed upon the applicant by the Texas Natural Resources Code, Chapter 116, and the Regulations for Compressed Natural Gas adopted by the Commission. It is agreed and understood that upon at least ten days' notice, and pursuant to such notice, the Commission, may cancel certificate of self-insurance and require the applicant to comply immediately with the Commission's insurance requirements.

A self-insurance certificate issued by the Commission expires six months from the date the application is approved. Renewal of a self-insured certificate requires filing with the Commission a new application at least one month prior to the expiration date. A renewal certificate does not take effect until approved by the Commission.

The applicant agrees to deposit with the State Comptroller the following: \$300,000 in cash or securities such as may be legally purchased by a saving bank or trust fund of a market value in this amount or greater. Such deposit will be held at the State Comptroller in accordance with those limits of liability imposed upon the applicant by the Commission up to \$300,000 for any one occurrence for damages, including damages for care and loss of services due to bodily injury or death of any person, or for damages due to injury or destruction of property, including the loss of use thereof, resulting from any CNG related activities described in the Texas Natural Resources Code, Section 116.031(a), or any activities incident to those described after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages.
